

## TESTIMONIALS

Previous sponsors of Stadium Experience meetings have kindly given us the following feedback and are happy that we are passing this onto future sponsors:

### **3M Supersign Duramark - [www.ssdm.co.uk](http://www.ssdm.co.uk)**

We sponsored a Stadium Experience event at Molineux Stadium. As a business, we were looking in break into the Stadium market, and the presentation we made at the event has been of on-going value to us. We got to meet, and present to, contacts at some of the biggest clubs and Stadium in the United Kingdom and it has been a key in part in building a network for new business within this sector. All involved with Stadium Experience were very helpful and accommodating and would recommend these events if you are looking to start out, or indeed expand, with the Football industry. - **Will Bunn, Account Manager**

### **Copaproduct - [www.copaproduct.com](http://www.copaproduct.com)**

Stadium Experience Members Meetings provide an ideal opportunity to present products & services to influential, knowledgeable, decision makers in an important commercial sector of the football industry. The Stadium Experience Directors & Management Team always provides a friendly and professionally courteous environment in which to communicate business and in which to network with their Membership from many different Stadia. We enjoy our relationship with Stadium Experience. It has proved commercially rewarding and we will continue to make provision in our marketing budget to attend Stadium Experience Members Meetings and to support the annual Football Hospitality Awards. - **Derek Collins, Director**

### **Solent Studios - [www.solentstudios.com](http://www.solentstudios.com)**

We sponsored a Stadium Experience members meeting at Cardiff City Football Club. It was an incredible opportunity that allowed us to shave months off the sales process of reaching key influencers and decision makers within our target market. The return on investment is already profitable and we have had a number of enquiries from members who weren't able to attend the meeting. I would have no hesitation to sponsor a Stadium Experience members meeting in the future if the opportunity arises. - **Rob Dunning, Owner/Photographer**

### **Life Water - [www.life-water.co.uk](http://www.life-water.co.uk)**

It was great to have so many key people under one roof, it gave me a chance to not only present but also had time to chat to people over lunch which helped to build some good relationships, they got to see our personal story which is hard to get over in an email or over the phone. - **Mark Stuart, Sales Director**
